CHESTERTON ACADEMY

What is Chesterton Academy?

Chesterton Academy of Milwaukee is a member of the Chesterton Schools Network—an educational movement reintroducing the classical, Catholic liberal arts tradition. Faith is understood not as one subject among many, but as the essential truth from which all academic disciplines flow and derive their meaning. An integrated classical education richly benefits students. It enhances retention, the love of learning, and facilitates multidisciplinary connections. Students learn to think deeply and communicate logically and persuasively. The greatest benefit of classical education, however, is that it teaches students how to live. It forms students to embrace the true, the good and the beautiful in “*crafting their own life*,” as St. John Paul II says, “*to make of it a work of art, a masterpiece.*”

“He who weds the spirit of the times quickly becomes a widower.” G. K. Chesterton
